Participate in Our Community Needs Assessment – We Need Your Perspective!

Community Action Coalition for South Central Wisconsin (CAC) serves more than 10,000 residents of Dane, Jefferson, and Waukesha Counties. Every few years we conduct a survey to make sure our programs meet the needs of our communities. Your answers to the questions on this anonymous survey are important to us.

Whether or not you or someone close to you has experienced the needs listed, we would appreciate your opinions on how to develop better resources and improve the entire community. Your participation is voluntary and should take no more than 5-10 minutes.
